

Early Learning

Kindergarten – Grade 2

38 Weeks | 1 Hour Classes | Twice A Week

Bhanzu's Early Learning Program gives K–2 children a strong start in both numbers and language. Every class pairs **30 minutes of hands-on math** with **30 minutes of guided English** – building number sense, logical reasoning, and early literacy through activities that make learning feel natural.

Across three levels – **1A, 1B, and 1C** – children grow from first counts and first sounds to confident problem-solving and independent reading.

Mathematics

30 MIN

- ▶ Number Sense & Speed Math
- ▶ Shapes, Measurement & Perimeter
- ▶ Patterns, Symmetry & Directions
- ▶ Set Theory, Venn Diagrams & Data
- ▶ Money, Fractions & Early Algebra

English

30 MIN

- ▶ Phonics & Letter Sounds
- ▶ Vocabulary through Stories
- ▶ Main Idea & Comprehension
- ▶ Art of Storytelling
- ▶ Reading with Expression

Two subjects • 30 minutes each • twice a week • one joyful hour
