

# Effective English Communication

Become Confident, Fluent & Eloquent

Grade KG

Brought to you by

bhanzu

## Meet Bhanu – The World's Fastest Human Calculator

This is an English communication course by Bhanzu, designed to **build a strong foundation in English** for young learners.

It focuses on developing early skills like **listening, speaking, basic reading**, and **simple sentence formation** in a fun and engaging way.

**Vision:** To remove the **fear of English** and help every child express themselves with confidence.

**Mission:** To strengthen foundational skills in comprehension, vocabulary and early grammar while encouraging clear and simple expression.

# Our Learning Ecosystem

## 01 Student Dashboard

A single place for all the course relevant content. Join your classes, watch recordings, read notes, track performance, access our other premium features etc. Your journey to fall in love with English begins here!

## 02 Brain Gym

A platform that puts our students' understanding to the ultimate test with comprehensive assessments. Unlock the full potential of learning as we conduct regular assessments throughout the course. Let the timer begin!

## 03 Parent App

The ultimate tool empowering parents to track their child's progress through the course and closely monitor performance. Witness your child's journey towards excellence like never before!

# Skills developed by **learning English**

bhanzu

**Listening**

**Speaking**

**Reading**

**Writing**

## **Mamta** Grade 6

Mamta's progress in just two months surprised me. Improved writing, speaking, and grammar impressed her school teachers too. Grateful to Bhanzu!

## **Rishabh** Grade 7

Rishabh excels in English, impressing us with his advanced vocabulary and ideas during a speech, thanks to his course's impactful teaching.

## **Anjali** Grade 3

My daughter was hesitant to speak in English. But after joining Bhanzu English class she has become very confident & speaks fluently. She has written three poems.

## **Adrika** Grade 7

I enrolled Adrika in summer classes during her fourth grade. A year later, her enthusiasm for learning persists. She's taken up independent reading, and her speaking, reading, and writing skills have shown a remarkable transformation, ignited by these classes.
